

Legal challenges of CO₂ shipping and the unique characteristics of CO₂ offtake contracts

Cea Mittler

Legal Adviser

Climate and Environmental Affairs in Transport

Laura Huomo

Partner | Energy

Bird & Bird, Helsinki

We'll discuss

Important part of the
climate puzzle

1. CCS & CO₂ shipping
2. International legal framework
3. CO₂ emissions and liability allocation
4. Offtake agreements

Capturing a moment
CO₂ shipping in the context of CCS

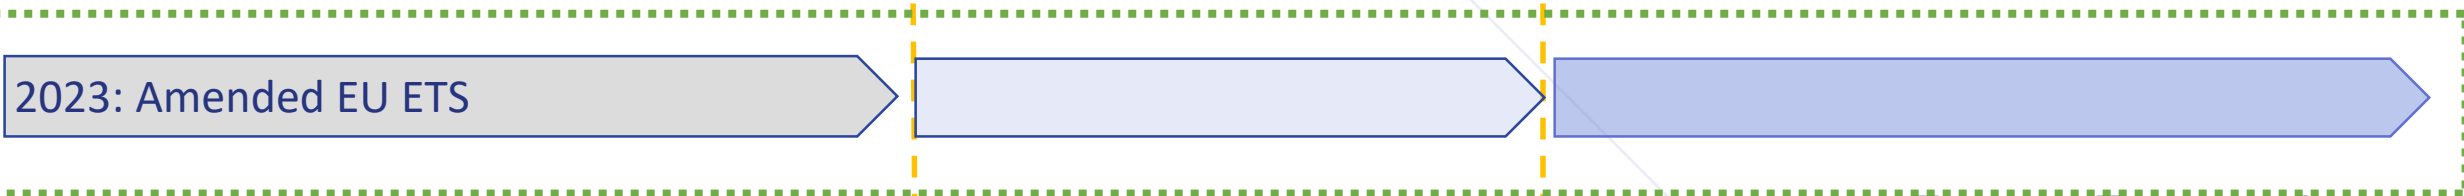

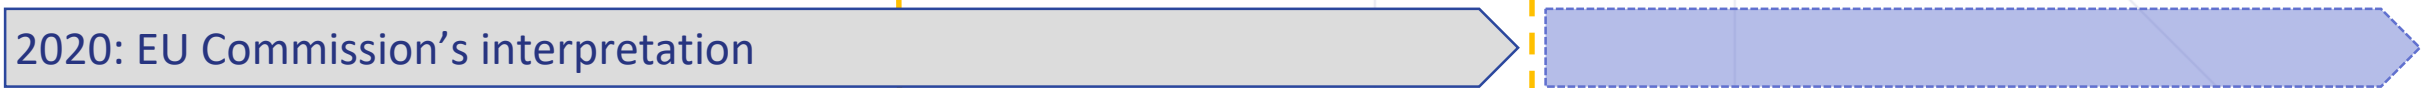

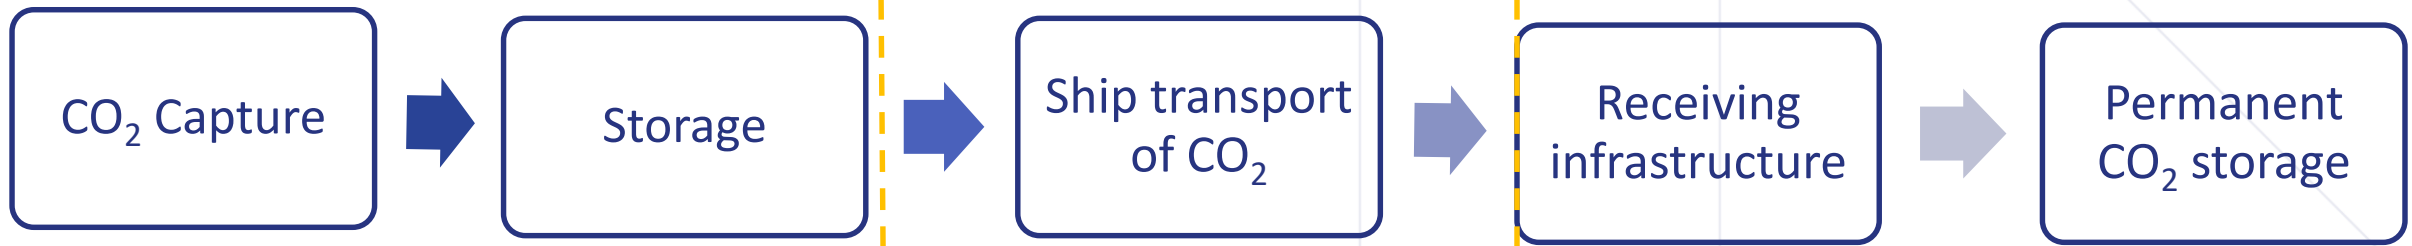

Trapped by treaties?

*The creation of an international export and liability
framework*

Allocation of CO₂ emissions liability

An EU perspective

The shift in liability for CO₂ emissions during transport in the wake of recent EU regulatory amendments

CO₂ Offtake Agreements

*Connecting commercial and risk considerations
of CCS projects*
